

**BRENTWOOD
ACADEMY**

Lunch Code Information

Student lunch codes are the same as your students' Veracross student ID number. To obtain this number, you will need to log into Veracross, select "My Children" in the blue header menu bar, select "Classes & Reports," then select "Current Class Schedule." Your student's ID number, which is also the same number used for your student's lunch code, will be listed in the upper left corner of your student's class schedule labeled "Person ID."

**Upper school schedules/codes are available now.*

**Middle school schedules/codes will be available on August 5.*

It is important to know this number if your student will be making purchases for breakfast, snacks during activity period, or lunch in the dining hall.

Students: You will use this student ID number to pay for your meal when going through the check-out line in the dining hall each day. We encourage you to **memorize this number**. This same student ID number is used for purchasing discount tickets to fine arts events.

Parents: You will use this student ID number when setting up your child's online Declining Balance Program account at www.MySchoolBucks.com.
